Bachelor of Science in Computer Science | Rizvi College of Arts, Science & Commerce | 2023 – Present

- Expected Graduation: 2026

Higher Secondary Certificate (HSC) in Computer Science Bifocal | IDUBS Junior College | 2021 – 2023

Projects

College Website Redesign

- Overhauled the existing website, implementing a mobile-first design using Bootstrap and Tailwind.
- Integrated backend functionality using Python and MySQL to manage dynamic content and user interactions.

Client Logo Design Portfolio

- Designed logos for various industries, creating a portfolio of diverse styles and concepts.

- Focused on client needs to deliver tailored designs, showcasing creativity and attention to detail.
-

Certifications

Self-Learner: Gained expertise through hands-on experience, online resources, and personal projects. Passionate about continuous learning and self-improvement.

Interests

I'm a frontend wizard who thrives on crafting sleek, intuitive digital experiences. By day, I'm a cyber-security enthusiast, wielding code like a shield to protect the digital realm. When I'm not coding, you'll find me immersed in virtual worlds, gaming, or getting lost in the pages of a good book. Writing is another passion of mine—whether it's shayaris, ghazals, poems, or stories, I love weaving words into tales. One of my books has even made it to publication. Oh, and anime? I'm all about those captivating narratives and stunning visuals. In a nutshell, I'm a tech-savvy creative soul, always pushing boundaries and seeking the next big adventure—both online and off.
